

# THE COURT CHIMES

2022, "RESPECT FOR SELF"

## FROM THE PRINCIPAL'S DESK

PATRICIA RODRIGUES, PRINCIPAL

As we come to the end of a very challenging term, we are reminded that there are so many people undergoing challenges we cannot even comprehend. Many of our families have suffered COVID and been in lockdown, so these holidays come to offer us respite.

Our wonderful Chaplain Noel put together Easter services for all our students and though we could not gather together we did in smaller groups. We reflected on the Easter message and how important it is to our faith and I was delighted with the way our students responded in all year groups.

The pages that follow should give you an insight into the wonderful things we did across the school. Please read it and talk to your children about their activities.

I have been asked by the Chief Medical Officer and the Coordinator-General of the National COVID Vaccine Taskforce to encourage and remind all our families to book a COVID-19 vaccination for your children, Whilst many children have received a first dose, many are now due for a second dose (8 weeks after the first) and as we approach the school holidays and the weather cools down, it is important to take steps to minimise the impact of COVID-19. Please visit the Department of Health's website for information on the vaccines and where these are available.

Thank you for your efforts in keeping your children and the wider school community safe.

Our congratulations go to Mrs Jessica Clues who has welcomed a beautiful baby boy "Oscar" to her family this past week.

## Court Grammar School Upcoming Events

**Friday 15 - Tuesday 19 April**  
Easter - School Office closed

**Monday 25 April**  
ANZAC Day - Public Holiday

**Tuesday 26 April**  
Students commence Term 2

**Wednesday 27 April**  
Yr 11/12 Woodwork Exc.

**Friday 29 April and Monday 2 May**  
Pre Kindy Orientation

**Tuesday 3 May**  
Secondary 3 Way Meetings

**Tuesday 10 April to Friday 20 April**  
NAPLAN

**Monday 9 May**  
Yr 7 ACC Lightning Carnival

**Tuesday 10 May**  
Yr 8 ACC, AFL Lightning Carnival

**Friday 13 May**  
Whole School Cross Country Carnival

**Sunday 22 May to Friday 27 May**  
Yr 9 Ningaloo Camp

**Friday 27 May to Friday 3 June**  
Yr 11 and 12 Exams

## *FROM THE PRINCIPAL'S DESK CONTINUED....*

There will be several staff changes for next term, with Mr Sean Walker will take up the position of LAC - Mathematics and Ms Taryn Culverhouse teaching English, as both Mrs Crowley and Ms Varian having resigned due to illness and family commitments.

Mrs Felicity Inglis-Hodge has also decided to seek other challenges after being on long service leave this term. We thank Mrs Inglis-Hodge for her service to our school community. Mrs Rebecca Bell who replaced her, for her leave will remain in the position.

I look forward to seeing our children return on Tuesday 26 April, following ANZAC day, in their winter uniforms. Please check your children's uniforms over the holidays to ensure they have all the necessary items. Uniform Shop opening times for the holidays are advertised in this edition.

We will let you know what restrictions await us for next term. At the moment we hope to have face to face parent teacher interviews for secondary and recommence school assemblies. We can but hope and pray.

Our new Resource Centre, we call the Pavilion is progressing well and we still hope to have it in late August.

Thank you for your generous support of our Easter raffle. We were inundated with so much chocolate, eggs and gifts that we managed to have over 40 raffle prizes for our students and staff. We donated a box of chocolate goodies to the local Byford Baptist Church who feed the needy in our community.

Wishing you all a very Happy Easter and wonderful holidays.

Ms Dennis' Year 3 Class Easter activities.

# Secondary Interim Reports

All secondary interim reports are only available on SEQTA.  
Hard copies are not being sent home.

If you are having issues with accessing SEQTA,  
please email [school@cgs.wa.edu.au](mailto:school@cgs.wa.edu.au)

## Year 11, Human Biology

Last week the Year 11 Human Biology students had the luxury of practising dissecting skills and using their knowledge of the circulatory system to perform a heart dissection.

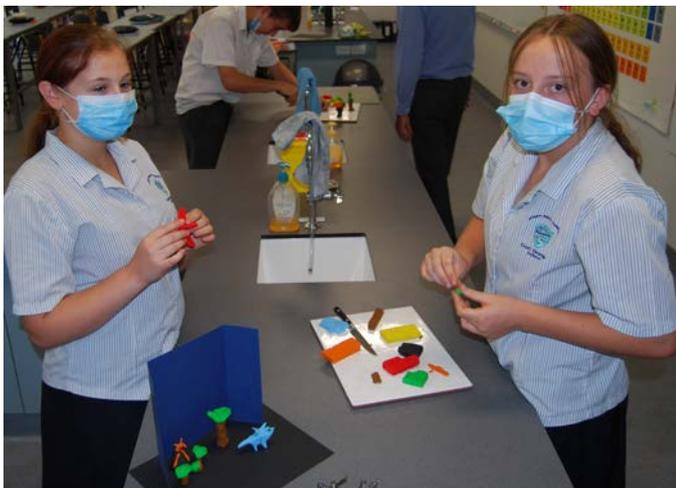

# Year 8 Science

Year 8 have been studying Earth Science this term, including rocks, minerals, fossils, and mining. Mr Sullivan's end of term 'special' was the great plasticine challenge, where students had 45 minutes to build a scene from an animated dinosaur movie. The winning pair would have a photograph of their work on the front cover of their science homework journal next term. So, how did the students interpret this challenge? We had dinosaurs meeting time travelling humans, plenty of erupting volcanoes, a variety of T.rex and triceratops, some pterosaurs and primeval forests plus, of course, various explosions which may or may not have resulted from the impact of the asteroid or comet at the great Cretaceous-Paleogene extinction event. The winning entry combined creativity with a sense of humour. Congratulations to Cleo and Tylah for their work, pictured here, including the speech bubble, and also to Jasmine and Matilda who came a close second with their red pterodactyl and very cute blue triceratops. To answer the dinosaur's question: "Pack up your books and have a great holiday! See you in a couple of weeks to begin our study of Chemistry!"

*Mr Sullivan - Science Teacher*

Cleo and Tylah with their winning entry under construction.

Jasmine and Matilda making their colourful triceratops family.

Jamie and Bryn making volcanoes and some wonderful dinosaurs.

# Earth Hour Schools

On Monday, 28 March, the teachers, and students at Court Grammar were set the annual Earth Hour Challenge to keep their classroom lights off all day. Earth Hour is an initiative created by the World Wildlife Fund (WWF) that originated in Sydney. Each year in March, people around the globe are encouraged to switch their lights off between the hours of 8:30 am and 9:30 pm on a Saturday night. Schools can participate either on the Friday before, or the Monday after the Earth Hour weekend.

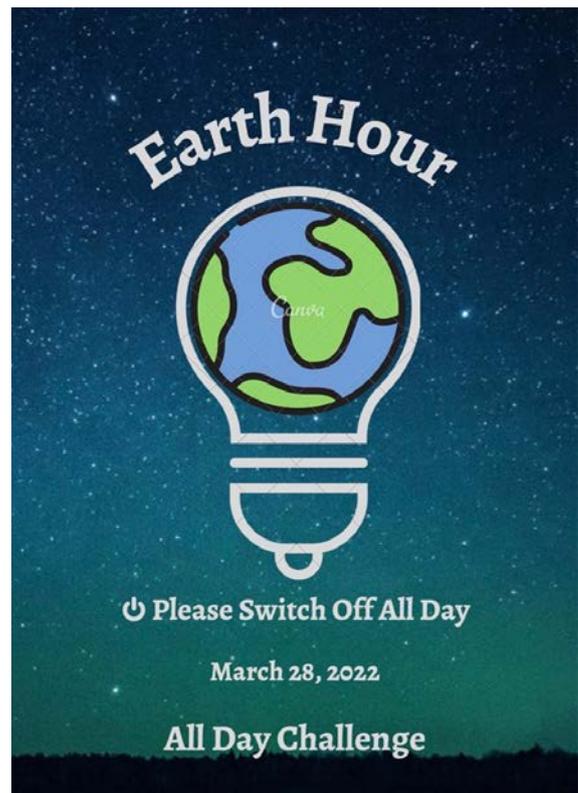

To further our conscious efforts to be environmentally mindful, students were given the challenge to complete a Kahoot quiz about Earth Hour for Environment Colours points. It was great to see students (and a few teachers) who also participated in this activity.

Congratulations to Mrs Barlow, Miss West, Ms Stanton, Mr Sullivan, Mrs Bull, Miss Bedford, Ms Cox, Mr Garrett, Mr R Taylor, Mr Andersson, Mr Freel and Mr Thompson whom all completed the #switchoff all-day challenge.

Congratulations to the following students who were the top scorers in their year groups, and receive an extra 10 colours points:

Year 7	Rufaro Dhilwayo
Year 8	Georgie Ward
Year 9	Lilly Quinn
Year 10	Michael Altieri
Year 11 -	Tighe Shaw (overall highest scorer across all years)
Year 12	Rebecca Brown

*Mrs Pugliese - Environment Colours Coordinator*

# Rock your Socks' Day

On 23 March 23, CGS students raised awareness and a lot of money for World Down Syndrome Day, by participating in "Rock your Socks' Day. There was an array of weird and wacky socks throughout the school.

There were short socks, long socks, socks with wings and rainbow socks. Over \$650 was raised for Celebrate T21, a group of ambassadors for Down Syndrome in Australia. This money will go to providing packs to families who have received a new diagnosis of Down Syndrome in their children, showing them just how awesome their children are.

I am so incredibly proud of our community and the awareness and money that was raised. It means a lot!!!

*Mrs Barlow, Music Coordinator*

# Harmony Day

On 21 March, Court Grammar School celebrated Harmony Day. To commemorate this event, students and staff were encouraged to wear cultural dress representing their heritage, or a culture that is meaningful to them. In lieu of cultural dress, it is customary to wear orange, the official colour of Harmony Week.

Across the school, activities celebrating cultural diversity took place. Activities included discussions about Australia's multiculturalism, history, and the reasons why cultural diversity is a blessing. Students celebrated and explored the idea of belonging, acceptance and respect in a range of age-appropriate ways. Olivia Kirkpatrick from Pre-Primary was absent on the day, but that didn't stop her from celebrating her Scottish heritage at home with her Kilt, her "Nessy" toy and her West Highland Terrier dog "Snowy!"

It was lovely to witness the community atmosphere and to celebrate the range of cultures across our school. Thank you to all those who participated.

Primary Cultural Focus Group

# Year 5T

## Measures and Graduated Scales

Students in 5T were recently challenged to make a measuring device out of 3 dimensional shapes.

The rules were:

Aim: To make a measuring cylinder/jug that shows at least every 100ml.

Equipment:

- Container
- Water
- A measuring cylinder that was only to be used once
- Masking tape to write the scale on
- Pen
- Ruler

Using only this equipment the students were to make a measuring cylinder from the container they were given that had a graduated scale to show every 100ml of liquid. The measuring cylinder was only to be used once to help them. They were able to mark on where the 50ml measurements would go. It was a real head scratcher!

*Mr Taylor - Primary Pastoral Care Coordinator and Year 5 Teacher*

# Year 8 Science

Students in Year 8 science have just completed learning about rocks, minerals and mining. To finish the topic students had to simulate running a mine, by mining choc chips out of a choc chip cookie. Different size chocolates were assigned different values, and students were 'fined' for damaging the area around the cookie, and had to pay a cookie rehabilitation fee. This highlighted how mining companies need to balance both profitability as well as environmental and community needs. Students had a great time, and even enjoyed eating a choc chip or two.

## Congratulations

Year 8 Student, Cooper Dunlop has been tasting success on the MTB Downhill circuit.

His first National Championship race in February took place in Maydena, Tasmania and had 820m of vertical elevation. In what proved to be a very technical ride against older riders, Cooper unfortunately crashed but was able to pick himself up and still finish strong.

Cooper entered his next race, the Oceania Championships in Kooralbyn, Queensland, with something to prove. Eighteen riders took part in the U15 category with Cooper finishing 7th in his final run (even after clipping a tree!).

In addition to being a WA MTB State team member, Cooper has been selected for the Peel Regional Academy of Sport and the Auscycling Australian BMX Development Academy.

We are proud of you, Cooper!

*Mr Greeff - Year 8 Coordinator*

## Year 7/8 Drama

This term, the Year 7 and 8 Drama students have been hard at work preparing their performance tasks. The Year 7's spent six weeks rehearsing and developing a circus performance that showcases the various skills they have learned this year in Drama. These include juggling, diablo, plate spinning, poi, hula-hooping, skipping and acrobatics, to name a few!

Meanwhile, the Year 8 Drama classes have honed their skills in scripted performances of Children's Theatre. In small groups, they performed a scripted production in weeks eight and nine, which showcased their characterisation, use of space, use of design and technology, line learning and teamwork.

Perhaps the most exciting element of these performances for the Year 7 and 8 classes was the access to the costume room! The images here showcase a few of the more extravagant costume choices.

*Ms West - Learning Area Coordinator - English*

# Police Rangers

Several CGS Police Rangers recently participated in a Geocaching experience in Jarrahdale. For those that aren't familiar with Geocaching, it's a real-life game of hide-and-seek. Members of the community hide trinket boxes (cache) in the woods, they log the cache location on an app with the GPS coordinates.

Others use their GPS to seek out the hidden cache. Once found you can trade trinkets or simply log that you've found it and enjoy the online geocache community bragging rights.

Recently the CGS Police Rangers headed up to Jarrahdale along the old, abandoned, railway line in search of a series of caches under the theme of 'Stand by Me' the cult movie following an old railway line. The Rangers had success in locating two geocaches and traded trinkets with one of the caches. The Rangers learnt valuable lessons on navigation and perseverance, as some of those caches are hard to find!

The Geocache activity expands later in the term to incorporate more compass and map reading skills.

# Crazy Sock Day for Down Syndrome

Year 5T raised over \$40 for Down Syndrome with their crazy socks!

# Primary

## Monkey Bar Hang Challenge

What a wonderful week of challenge we have had in the primary school! 169 students participated in the annual Monkey Bar Hang Challenge (53% of students competed). The sheer grit and determination of each child made for a great spectacle as students tried to hold on for at least 30 seconds to get 10 points for their house! Jordan Munro from Year 3 managed to hang on for...5 minutes and 20 seconds (yes that is right, 320 seconds), with Antonette Van Den Dries only languishing about 5 seconds before that!

In the end, there could be only one winner...Whitby!!!! 845 points to Yarrabah 830 points. While the majority of the winners for each year level were from Yarrabah, it seemed that more Whitbinians got involved. The old maxim just might be right, "You've got to be in it to win it".

Well done to all those who held on for dear life, whether they dropped after 5 seconds or 5 minutes! You are all amazing!

Mr Peter Taylor - Primary House Coordinator

1. **Max McCoy**: 51 decimal places

### Year 9

1. **Tahlia Baird**: 68 decimal places
2. **Sophie White**: 36 decimal places

### Year 10

1. **Tayla Altieri**: 107 decimal places – **OVERALL CHAMPION!**

### Year 11

1. **Isabelle McKeig**: 73 decimal places
2. **Samuel Piotrowski**: 50 decimal places

### Year 12

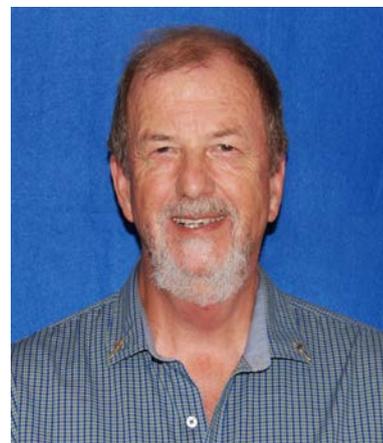

1. **Lewis Hales**: 46 decimal places
2. **Michelle Nyamukubva**: 40 decimal places

*Well done to everyone in the 30+ Club!*

## *CHAPLAIN'S CHAT*

### REVEREND NOEL OAKLEY

What does Easter mean to your family?

As a young married adult it was juggling Easter Tennis Tournaments with attending Church on Easter morning. 40 plus years ago that meant the organisers of the tournament moving the Handicap Singles final so that it didn't start until I'd been to church.

Easter... my Mum would dig out the spare Christmas Pudding that she had made the previous year, fish on Friday, red-dyed boiled eggs, Hot Cross Buns that had to be ordered from the baker, as they were only available on Maundy Thursday (Day before Good Friday), and there was only one variety.

The Easter Bunny was not as big a thing, but feasting on Easter Day was.

In today's world, Easter is recognised as important for Christians, and celebrated even by non-Christians in their own unique way. The cultural mix of our community also brings with it Easter traditions from other places.

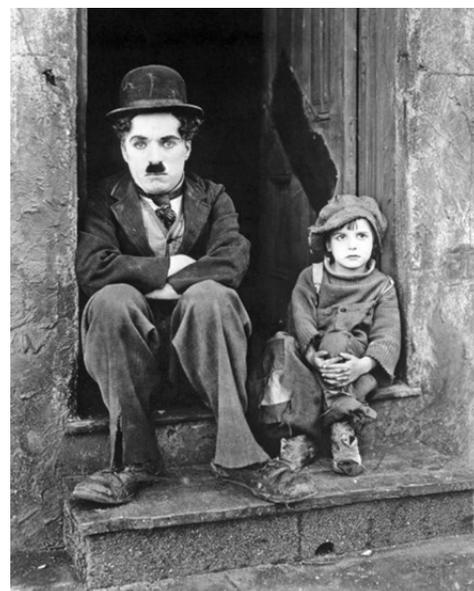

The birth, death and resurrection of Jesus changed our world.

Not just our calendar.

Most noticeably it changed us in how we viewed our relationship with God and His creation. Easter is important, because as many people tell me, believers in God don't always get it right. And perhaps I should add that humans generally, don't always get it right.

Being forgiven and being forgiving, in any situation, gives us hope for the future and can encourage us to change for the better. Being forgiven without conditions is a great gift. The Scriptures tell us that God loved us long before we loved Him. Easter reminds us of this and asks us to celebrate the gift of forgiveness, shown in Jesus' death and resurrection.

This Easter, enjoy family time, enjoy your long weekend, but don't forget to stop for a moment and remember that this weekend is only there because of how much God loves us, and wants us to love others. And part of that love is being forgiving and making time for others.

### Easter Assemblies and Celebrations

It is unfortunate that we were not able to hold our annual whole school Easter assembly this year. However, each class across the School had the chance to watch and participate in special

Easter celebrations that were put together by Chaplain Noel. The students enjoyed the songs, activities and fun that this created and we are very thankful that Chaplain Noel put these together. Thanks also must go to all families who donated Easter gifts and gold coin donations for our Easter raffle – this always creates great eggcitement!

### Parent Conferences

Thank you to all parents and caregivers who have engaged in our parent conferences over the last few weeks. Obviously, this has seen a change in its format but it has been great to see teachers chatting with families each night after school over the phone. There are many parents who have not set up appointments. Over the holidays, we will contact anyone who has not had the chance to chat with their teacher and aim to organise these discussions in the first part of Term 2.

### Cross Country Carnival

As you will know, our annual Cross Country Carnival was postponed this term and will now take place in Term 2 Week 3. Miss Cavill has been working hard with students across the School in preparation for this. The rationale behind the postponement was so that we could organise a day involving the whole School and not two separate days for each sub-school. Miss Cavill has been keeping in touch with parents and families about this and I would urge you to keep checking your messages for any updates and information.

### Planning for Term 2

As we move off into the holidays, everyone is looking forward to relaxing and recharging with family and friends. This is a chance for a much-needed period of rest and time to chill out and have fun. As Term 2 begins, I would encourage all students to think carefully about their goals. Term 2 is a term where we are all firmly settled into the learning routines within our classes and it is a time to plan for where we will go next in our learning, in our

development and in our interests. Teachers will strategise with students about goals as they return, but hopefully the Learning Journey Folders that came home last week will allow families and students to reflect and make these important goals for the term ahead. Have a safe and happy holiday and we look forward to seeing everyone back, ready to learn, on Tuesday 26 April.

## SECONDARY NEWS

### BRAD KROKOSZ, HEAD OF SECONDARY

#### Secondary School Student/Parent/Teacher Interviews

3-Way, Student/Parent/Teacher interviews will occur on the afternoon/evening of Tuesday 3rd May.

Parents can book a 10-minute time slot between 3:30 pm and 7:00 pm via [www.schoolinterviews.com.au](http://www.schoolinterviews.com.au) using the code: r9pmd.

All Interviews run for 10 minutes and parents are asked to respect the time scheduling required for such a large event. If additional conversation needs to take place at the conclusion of an interview, parents are requested to make arrangements with the teacher to meet at a later date. If teachers are booked out, parents are encouraged to contact the teacher via Direct Messages (SEQTA Engage) to arrange to meet with that teacher on an alternative date. Students are expected to attend in school uniform with their parents.

#### University Entry and Open days

University and tertiary provider Open Days provide students with an opportunity for greater insight into life as a tertiary student. Students can gain a greater understanding of how tertiary courses and curricula work and what courses and study modes are best suited. Beyond the learning experience, universities offer a large variety of co-curricular and cultural experiences. Each university is different, and I encourage students to engage in the Open Days on offer.

In 2022 many of the university and tertiary providers are offering both on-campus and virtual open days. I encourage students to engage in either of these experiences, so you are fully informed when it comes to deciding on where to study.

The following Universities have published their upcoming open days. Students and Parents should visit the university websites for more information:

Curtin University	<a href="http://openday.curtin.edu.au">openday.curtin.edu.au</a>
Edith Cowan University	<a href="http://ecu.edu.au/open-day/overview">ecu.edu.au/open-day/overview</a>
Murdoch University	<a href="http://murdoch.edu.au/study/open-day">murdoch.edu.au/study/open-day</a>
University of Notre Dame	<a href="http://events.nd.edu.au/OpenDayFreeo">events.nd.edu.au/OpenDayFreeo</a>
University of Western Australia	<a href="http://uwa.edu.au/study/openday">uwa.edu.au/study/openday</a>

## Workplace Learning

Workplace Learning is not possible without the ongoing support of local business and industries. I would like to acknowledge the following host employers for partnering with our school to aid in the growth and development of our students during term one.

AUSCOR Pty Ltd	Castle Equipment	Forrestdale Farm Fresh Eggs
Frenchline Industries	Goodstart Early Learning Baldivis	Inglewood Timber Joinery
Jellybeans Child Care Wellard	Pope Racing Stables	Serpentine Jarrahdale Men's Shed
Western Edge Motorcycles		

A number of these businesses will continue to host our students into term 2 and we thank them for their ongoing support.

Looking ahead to Term two, we are specifically in search of local host employers within the electrical, mechanical and agricultural industries. If anyone within our school community has capacity to support our Workplace Learning students on a weekly basis during Term two, please contact me via SEQTA or email [mkrokosz@cgs.wa.edu.au](mailto:mkrokosz@cgs.wa.edu.au)

*Mrs Krokosz - Workplace Learning Coordinator*

# Student Council

Congratulations to this years Pastoral Care Representatives who will form our Student Council commencing next term.
