

# THE COURT CHIMES

2020, THE YEAR WE PRACTISE HUMILITY - "OTHERS BEFORE SELF"

## FROM THE PRINCIPAL'S DESK

**PATRICIA RODRIGUES, PRINCIPAL**

Welcome to our end of term issue of the Court Chimes!

As this term draws to a close and I look back over the last term, it is wonderful to see the many primary/secondary collaborations that are taking place. Our School Board has wanted a K-12 school and I believe that we are truly achieving this goal.

Over the last couple of weeks, I have had the pleasure of selecting the Yr 12 leaders for next year and I am delighted that the leadership group for 2021 will be Rebecca Curran, Abigail Farrance, Christian Inglis-Hodge, Nicolaas Lotter, Thomas Piotrowski, Bridget Ritchie and Dannielle Smith. They will be officially presented to the school community at our Presentation Night on Wednesday 9 December. I look forward to selecting the primary leaders early next term.

Our secondary students competed in their division of the ACC Athletics carnival and the primary students competed in an interschool carnival held at All Saints.

Our students performed very well with the secondary boys coming first in the boys aggregate. Several boys also being named their age champion. Well done everyone.

We return next term with the year 12's having their graduation ceremony at the end of the first week, before they embark on their final exams. I wish them well for the next couple of months while they finish Yr 12 and some of them, their ATAR exams.

I have enclosed the 2021 school term dates, as many of you have been asking, so that you can make the appropriate arrangements with your work arrangements while your children are on holidays.

Please remember that students return next term in their summer uniforms. The uniform shop hours are listed in this edition, if you find that your child has suddenly grown over the last couple of terms. Please refer to the student organisers for details.

**Court Grammar  
School**

## Upcoming Events

**Monday 5 - 12 October**  
Yr 12 School Based ATAR Exams

**Monday 12 October**  
Students commence

**Thursday 15 October**  
Yr 12 Activity Day

**Friday 16 October**  
Yr 12 Graduation Assembly and Valediction Dinner

**Monday 19 October**  
ACC yr 7 Lightning Carnival

**Wednesday 21 October**  
ACC Yr 8 Lightning Carnival

**Thursday 22 October**  
ACC Yr 7 Super Series

**Wednesday 28 October**  
Pre-primary Kings Park Excur.

**Thursday 29 October**  
First XI Cricket Trials

**Friday 30 October**  
Yr 8/9 AFLW Carnival  
Yr 1 Assembly

**Friday 6 November**  
Pre-primary Assembly

**Thursday 5 - 12 November**  
Book Fair

Our Head Prefects Georgia Seymour and Ross Freeman recently attended a lunch with the Premier, Mr Mark McGowan on the occasion of the Jandakot- Southern River - Darling Range Cabinet meeting.

U15 Boys Ethan Scorer (Court Grammar)

U14 Boys James Reynolds (Court Grammar)

U14 Girls Jaya Ingram (Court Grammar)

U13 Boys Carlos Goddard (Court Grammar)

# Year 3 Assembly

# Year 2 Assembly

# Year 9 Bibbulmun Track Walk

On Friday, 4 September, 53 Year 9 students and 4 brave teachers set off early to challenge themselves both physically and mentally on a 20km Bibbulmun Track bushwalk to Mount Cooke.

Mount Cooke is 582m above sea level, making it the highest point in the Darling Ranges. So it is no easy feat getting up there!

Time was not on our side with a couple of missed turns in the bus on the way there and then, having to improvise and navigate our way around a prescribed aerial burn off too! Patience and flexibility proved to be key for the group at this stage.

Then, about a third of the way on the walk, our highly esteemed Deputy Principal chose to “test” the students at the front of the pack by missing a turn and walking approximately 1.5km in the wrong direction. Clearly, our Year 9’s would follow him to the ends of the Earth without question.

Remarkably, even after all of those set backs, every single student made record time to the summit where we enjoyed the spoils of a breathtaking view and a timely lunch break. Spirits were very high.

Once back at school, we all sat together side by side to answer the question of the day; “What did you get out of the experience and how have you grown?”. Most students identified that what we achieved was more than just enduring a physical challenge and a day out of classes; we also learned life long skills such as perseverance, dedication, commitment, positive attitude, teamwork, consideration for others and a greater respect for the environment around us.

Big congratulations must go to all of the students for making it to the top of Mount Cooke – better yet, with a great attitude the entire day. Moreover, considerable thanks must go to Mrs Pugliese, Mr Couzens and Mr Jenzen for accompanying us in order to make it happen. Honourable mention also goes to Samuel Piotrowski for having picked up the most rubbish during the walk.

*Mr Ben Freel, Year 9 & 10 Coordinator*

# Year 5 Science - states of matter

In Week 8 this term, the Year 5 students were very excited to attend the Science Lab to carry out an experiment. We have been learning about the states of matter: solids, liquids and gases. Our experiment involved the students timing how long different liquids take to evaporate and observing their properties.

*Mrs Van Den Dries and Mr Fitton*

# Year 9 Food Science - High Tea

# Year 10 Careers

This Semester, our Year 10's have switched focus in Pastoral Care Group time from learning to pass their Driving Learner's Permit theory test in Semester 1, to steering their career aspirations in the direction they would like for the future.

This Term we have covered the following topics:

- Determining strengths
- Identifying achievements & recognising values
- Acknowledging current roles and responsibilities (transferable skills)
- Exploring Pathways (ATAR / General / Workplace Learning / VET / University / TAFE / etc.)
- Critiquing idols and exploring family members' employment journeys
- Employ-ability (Attributes of a good employee / what employers are looking for)
- Getting a part time job
- Creating a resume
- Work-Life Balance

These sessions have coincided with Subject Selection Information Evening, as well as a recent First Aid Focus program, delivered by St John Ambulance.

During the First Aid training, students were required to perform CPR on mannequins, bandage fellow students and discuss scenarios such as broken bones and snake bites.

The First Aid program culminated in the students receiving a certificate to acknowledge their participation. This serves as a vital first step toward compiling their Student Portfolios next term, for the subsequent Prospecting for Careers Program in Term 4.

Wishing you all a wonderful Term 3 break,

*Mr Ben Freel*

*Year 9 & 10 Coordinator*

# Year 8 Flower Dissection

## STEM - Magnetic Construction Club

This term we have been running a STEM/Magnetic Construction Club each Wednesday at lunch time. We have had a mixture of students participate, ranging from Years 1-6. The students have loved exploring the materials and completing challenges each week, such as building structures to a specified height or creating shapes that support particular weights. This co-curricular activity allowed students to use their creativity, problem solving skills and hand-eye coordination to build a variety of formations. The club provided a playful learning experience for students with opportunities to enhance their imagination, concentration and cognitive processes.

*Miss Dennis and Mrs Keane*

# Year 10 River Cruise

Friday of Week 8 saw the Year 10's dressing up in their themed "Boujee" best / semi-formal smartest to attend the annual River Cruise.

The night began by setting off on the elegant Crystal Swan from Barrack Street Jetty, making our way down to Fremantle and back again.

While on the cruise, students were treated to a tasty snack bar, mouth watering hot pizza and deliciously fresh pastries for dessert.

Action wise, the students took part in a game of "Nerf Roulette" with Kano Unghango winning the chocolates, "Chase The Ace" which had Sarah Johnson and Cade Penrose walking away with the spoils of their respective games, and finally the traditional "Limbo" competition which saw Pachedu Musamirapamwe taking out a chocolate prize also.

Students continued to dance the night away to an incredibly long Spotify playlist before wrapping up the awards as we pulled back into dock.

Special mention to Mufaro Wachekwa and John McTernan for taking out "Best Dressed"; each walking away with a \$50 Westfield gift card for their efforts.

Thanks to Ms O'Sullivan, Mr Hancock, Ms West, Mr Andersson, Mr Krokosz and of course all of the students for making the night one to remember.

*Mr Ben Freel*  
Year 9 & 10 Coordinator

# Senior Girls Football

Congratulations to the Year 10-12 Girls Football team who reached the Semi Finals in the Fremantle Dockers Cup Competition. The girls had a tough game against a talented La Salle College outfit, going down by a few goals in the end. This is a great achievement after only losing one game in the regular season. Well done girls!

*Miss O'Sullivan*

## Student Achievement

Congratulations to Year 8 student Charlee Eaves on her successful participation in the 2020 Hancock Prospecting WA Short Course Championships. Charlee came in the top 10 for 5/7 races, with a podium finish for her 1500 m Freestyle. Well done Charlee!

*Miss O'Sullivan*

## Can you solve this problem?

A 3 by 6 grid of dots is set out as shown. How many straight line segments can be drawn that join two of these dots and pass through exactly one other dot?

a) 14 b) 20 c) 22 d) 24 e) 30

This was one of the questions that over 100 of our senior school students were faced with when they were given the opportunity to participate in the Australian Mathematics Competition for 2020. This year, 8 of our students across years 7 – 12 received Distinctions putting them into the top 20% of students participating in the competition.

Students who received Distinctions for their efforts were: Joshua Smith, Seth Deans, Ky Earney and Tahj Quinn (Year 7) Sophia Schaller (Year 8) Lewis Hales and Luke Bell (Year 10) Bridget Ritchie and Calvin Taylor (Year 11). All students who participated will be awarded their certificates in Term 4. Well done to all of this year's participants. Answer to problem c) 22

*Mrs Tupicoff - Learning Area Coordinator - Mathematics*

# Year 5 - Space Camp

On Friday the 18th of September the Year 5's had their space camp. We traveled to Scitech for the day and had an amazing time at the Planetarium watching an Earth Matters Movie, the Lightbulb Moment Show, learning how to save light and The Earth Matters exhibition, looking at different ways the earth works. We then returned back to school and set up the tents and sleeping bags. The Year 5's then had delicious burgers made by Mr Learmonth along with a packet of chips and a cup of cordial.

Then the real fun began with a rotation of activities that were held by Miss Dhu, Mr Fitton, Mrs van den Dries and The Year 11 Leaders. Miss Dhu and Mrs Brown had an Astronaut training course, Mr Fitton had a series of cosmonaut minute-to-win it challenges, Mrs Van den dries had telescope fun and the Year 11's gave us a tour of the school at night. Then the Year 5's started to head to bed and they had quite an interesting night. Part of the adventure was that it rained during the night and some of the tents got water inside them!

We woke up the next morning and packed away our tents and sleeping bags, which then was followed by toast and juice boxes for breakfast. The Year 5's then started to head home. We can all agree that the Year 5's had a spectacular time and there are many people to thank for an amazing time!

Written by Suyay Donoso (5V)

# Term 3, Year of Challenge - Update!

Congratulations to the following Year 9 students on applying themselves in many facets of school to sit on top the Term 3 Leaderboard.

## 1st Place

Cameron Gleeson  
2855 points  
Mr Couzen's PCG

A wonderful effort from the Year 9 Sport Captain. The physical nature of this Term's challenges meant that Cameron was in her element and thrived accordingly.

## 2nd Place

Seamus Galvin  
2715 points  
Mr Couzen's PCG

Not far behind Cameron is our Year 9 Yarrabah Captain. Again, with a large emphasis on "sporty" challenges this Term, it was a sure thing that Seamus would fare well. Sound effort from the young man.

## 3rd Place

Cade Bosveld  
2400 points  
Mr Couzen's PCG

Coming in third was this crusader. Cade turned his hand to every challenge this Term and it sure paid off.

Moreover, the Pastoral Care Group Leaderboard is as follows;

- 1st Place - Mr Couzens' Crew: 34440 points
- 2nd Place - Mrs Pugliese's Posse: 21755 points
- 3rd Place - Mrs Riseley's Rabble: 12860 points

Congratulations to Mr Couzens' Crew for taking out Term 3 – Superb effort from all involved! Great to see the underdogs performing both individually and as a unified team. Very proud of this group's dedication and tenacity by digging deep this Term.

Consistency from Pugliese's Posse is serving them well to be out on top overall, proving that there is "no "I" in team" (no top 3 individual leaders for Terms 2 or 3). However, they are going to need to keep the other PCG's at bay to stay there, especially with some stand out individual performances from the other PCG's.

Having said that, I can also see Riseley's Rabble getting back up next Term as well... They have all bases covered; brains, brawn and creativity. The true triple threat.

So with one win each, it looks like Term 4 is going to be the decider – This could be anyone's now!

Points will continue throughout the year with a Term 4 challenge booklet to be distributed after the holidays, so continue to submit those challenges to Pastoral Care Advisors.

Looking forward to a cracking home straight finish in Term 4.

Happy holidays,

*Mr Ben Freel - Year 9 & 10 Coordinator*

# Bottle Rocket Launch - Year of Challenge

Photo's below showing the most recent challenge: Bottle Rocket Launch

Left & Middle: Bottle Rocket Challenge Champion Team (left to right); Colben Barker, Brayden Clarke & Drakoh Deans (Absent: Seamus Galvin & Cameron Gleeson)  
Right: Logan Rooke, leading his group's hopes with a smile on his dial.

## More Food Science - Hospitality

Year 9 Food Science students did themselves proud with their amazing high tea assessment in week 8. Congratulations.

Year 10 Hospitality Maltesers challenge this week went off well with Milla Semple, Kyanne Redmond and Ella Battle showing off their masterpiece!

# Police Rangers Camp

Police Ranger Cadets from Court Grammar School were proud to support the Law Enforcement Global Virtual Torch Run by participating in an overnight Mountain Bike adventure.

Twelve Cadets and two instructors participated in the event which had cadets mountain bike 14 km into the bivouac on Friday evening along the Munda Biddi Trail. Chasing a fading light, the Rangers made it into camp just in time to arrange tent locations and set up.

Once settled into camp they lit their Trangia stoves for some bush cooking and reflected on the afternoon's activities, steep hills, thrills and a few spills. Sore legs were all but forgotten when a dessert of canned fruit, custard and marshmallows was served up.

Rangers spent the evening playing inter-tent Uno before sleep. The near-pitch perfect weather on Friday evening wasn't to last. At Precisely 2:14 am (ask me how I know!) a cold front crossed over and the heavens opened up. This became the order of the night/day as the wet weather set in. Packing up on Saturday morning was a test of patience and teamwork. Despite the weather, the Ranger's spirits were high as several Rangers attempted the return ride.

The Balmoral Prisoner of War camp was the pick-up location and those not on the return ride took the time to learn and explore the old ruins and learn about the history and significance of this location to our area.

I would like to thank all the Rangers for showing excellent camp etiquette and sustainable practices. We are grateful to the Police Rangers and Cadets WA for supporting our unit and allowing events like this to take place. We certainly look forward to similar adventures in 2021.

*Mr Krokosz*

# Year 4 and Year 11 Bottle Rockets

As part of the Yr 11 ATAR Physics program students have been learning about forces, energy and momentum. For an assessment, students had been asked to design the perfect bottle rocket using their knowledge on the laws of Physics.

As part of the assessment students decided to make bottle rockets with a primary school group so they could experiment with different rocket designs. Yr 4's were chosen as the group to work with the Yr 11 students.

Students were split up into groups of 4 with one Yr 11 student working with them. In just two lessons there were some amazing rockets that were made and numerous smiles from all students involved. The rockets were painted with all sorts of colours and had some wonderful artwork put onto them. Each rocket was even given a name by the students. It was brilliant to see how much respect the Yr 4 students had for the senior students and the level of patience and understanding shown by the Yr 11 students.

On Monday of Week 10 we launched the rockets and had successfully launched 3 rockets, including one which went like a missile over 100 metres high and scared the local seagulls. Then as always seems to happen at mission control in NASA, technical difficulties occurred and the launching of the remainder of the rockets was aborted.

With perseverance we fixed up the technical issues and were given the all clear from mission control to continue the rocket launches. As you can see in the photos students both big and small had an amazing time with rockets flying in all sorts of directions and the smiles were seen everywhere.

Well done to all Yr 4 & Yr 11 students for your amazing behaviour and skills in making rockets and for having such a wonderful time in the process. A big thank you to Mr Taylor and Mrs Mader for your efforts and to all the other teachers who helped out and to Ms Rodrigues, Mr Krokosz and Mr Jenzen for coming out to watch the rockets launching.

*Mr Couzens - Physics Teacher*

## Year 4 Olympic Day

This week in Year 4 we have been thoroughly enjoying learning about the Olympic Games. We have learnt about the history of the games, the traditions and symbols behind the games and performed studies on some of the countries that are involved. On Tuesday we participated in a CGS Mini-Olympics. It was a day full of laughter and joy as we Sock Wrestled, threw flip-flops as far as we could, 'swam', did human rowing and human hurdles and a myriad of other unusual twists on Olympic events. Medals were given out on the Wednesday morning and students wore these proudly throughout the day. Enjoy the photos...

*Mr Taylor and Mrs Mader*

## Year 2's - Marios Pizza

Miss Silvi's Italian heritage was shining through on the last day of term. Dressed to impress, the Year 2's walked a red carpet into their elaborate Italian-restaurant-themed quiz day. The students tested their knowledge on many of the topics learnt throughout the year. Tables adorned with red and white tablecloths held teams who all did their best to beat the competition. There was even a prize for the winning team, so stakes were high! There was no shortage of smiles or excitement as the students showcased their learning. It was a truly wonderful way to finish up Term 3.

*Miss Bedford and Miss Silvi*

## Year 8 Picture Books

Term 3 has been busy and during this time the Year 8 English classes have completed their illustration and writing of a picture book for a specific target audience. The 8's are looking forward to the opportunity to share some of these stories with our Primary students during Term 4 in Book Week. There were some excellent submissions for this task with students using the prompts inspired by their study of the novel and film text - *The Rabbit Proof Fence*. English teachers Mrs Brown, Miss West and Ms Tolhurst were highly entertained by the compositions and pleased with the efforts of many of the students.

## Yr 12 - Cert II Timber Manufacturing

Georgia Seymour and Tim Steinert completing projects for their Cert II in Timber Manufacturing.

## Spring Arts Festival - Friday 30 October

The School has made the decision to still go ahead with the Spring Arts Festival this year. However, due to the Covid19 restrictions the format will be different.

This year the Festival will be held on a school day and will be a student-centred event. As we are unable to have parents mixing with students the event will only be for students. This year the older students in the School will put on stalls and activities for both the younger students in the school as well as their peers.

To assist parents in making it easier for the younger students we have decided that we will charge ten dollars per student. Students will receive a wrist band to wear to show they have paid. Teachers will notify parents in classes when their students can bring in the money prior to the day.

For their ten dollars the students will be able to participate in all the student-run stalls as well as have a sausage sizzle and a drink. There will be a very small number of stalls provided by external providers which will cost additional money. A list of these stalls will be distributed closer to the day.

Details are as follows:

Spring Arts Festival 2020  
Friday 30 October  
12.00 pm – 2.30 pm  
House uniform

**A Busy Term!**

I would like to thank all staff and students for their hard work and determination to reach and surpass their goals this term. When I reflect on the term, we have had so many successes. Science and STEM week was a wonderful opportunity to develop our learning related to our oceans. This was a great way to work together with our Secondary counterparts and learn along the way.

We have had many interesting and stimulating incursions and excursions which have proved great fun and valuable learning experiences for children across the School. There are many more of these opportunities planned for Term 4 too. Our Athletics Carnival was a great success and really ramped up the excitement and house spirit that we love to see at CGS. Assemblies have been great to see coming back this term and I feel that our children and staff have really gone above and beyond to ensure that these have been really special events. On top of individual year level 'special' days like Olympic Day, Mario's Pizzeria and Harry Potter themed events, our Year 5 children enjoyed their first School camp experience at Space Camp. This is always one of my favourite events of the year and this year did not disappoint. It was literally out of this world! In spite of the grave situation our world is in at the moment, we continue to offer stimulating, engaging experiences for our students and are so proud to be able to do this. Thank you for your continued support and understanding as we work within the regulations we have been given.

**Orientation Day and Preparing for 2021**

As is now tradition, we will hold a Primary School orientation day to allow children to spend the day with their 2021 teacher and classmates. This will take place on Tuesday 17 November.

Communication will come home soon about this. All existing CGS students and newly enrolled students for 2021 will be able to have a full day of fun and activities geared towards alleviating any fears of moving on in 2021. As always, may I politely remind you that requests for specific teachers, friends and classes are always listened to, but the decision of which teacher and which class a child moves into lies with the School. These decisions are made bearing in mind lots of factors and not simply the one factor of friendship groups. If you would like to discuss this further, please contact me.

## SECONDARY NEWS

**BRAD KROKOSZ**  
**HEAD OF SECONDARY**

### **Court Grammar School Students in Industry**

During 2020 Laura Overton (Year 11) has been engaged in a School-Based Traineeship through the Kwinana Industries Council. Laura's now onto her second placement at CSBP in Kwinana.

Laura's experiences at CSBP have her working in the fertilizers plant on a variety of tasks. 'I had to first complete the induction course and was then shown through the whole plant,' said Laura.

When I asked her, what was most impressive or what stood out about her experience, she indicated the computer command room was impressive and also the strict protocols on safety.

'Each of the staff has a lock, you place the lock on the component you're working on so there's no chance of someone mistakenly turning off a component or causing harm.'

During her time at CSBP Laura has assisted with conveyor belt maintenance, use of the crane and forklift work, scaffolding and has really enjoyed the electrical work.

## Inter-school Equestrian

Good luck to all students representing Court Grammar at the 2020 Inter-school Equestrian Festival to be held on Saturday 3rd and Sunday 4th October at the State Equestrian Centre.

We wish these students well for their competition and will share their achievements once results are published.

**MIKE JENZEN**  
**DEPUTY PRINCIPAL**

## Crime Prevention Talks

Earlier this year the Serpentine Jarrahdale Shire met with Court Grammar School and Byford Secondary School to successfully apply for funding through the State Government's Community Crime Prevention Fund. The grant was used to fund three talks to students at both schools. The three talks focus on the areas of Road Safety, Drugs and Cyber Safety.

On Thursday 24 September, our school hosted two of these talks. The first was entitled 'A Mum's Story' and was delivered to our Year 11 and 12 students. This was the story told by the mother whose son was seriously injured in a car crash on Tonkin Highway. It was an incredibly moving and powerful story which delivered a message we hope will stay with our more senior students as they all begin to get their licenses and take to the roads.

In the afternoon an organisation called Sideeffect spoke with our Year 9 and 10 students on the topic of the effects of drugs. The students first watched a video outlining the tragic death of a young Perth schoolboy and the subsequent effects it had on his family. The video went on to detail the campaign his father began as a result of this tragic incident.

Following the video, Sideeffect founder and father, Rodney Bridge, spoke to the students about the death of his beautifully talented and generous son, Preston. Preston died at the age of 16, after taking a synthetic form of LSD in February 2013, during his school ball after party.

A link to this valuable website is here [www.sideeffect.org.au](http://www.sideeffect.org.au)

The final presentation will be delivered next term by Paul Litherland to our Year 8 to 10 students on the topic of Cybersafety. Further information on Paul and his organisation can be found at this link: [www.surfonlinesafe.com.au](http://www.surfonlinesafe.com.au)

We are very grateful to the Serpentine Jarrahdale Shire for this tremendous initiative. I encourage all parents to speak with their sons and daughters about the talks.

## Dwellingup - Mountain Bike Race

Mrs Gallatly, Jake Paterson, Year 8 and Lachlan Jones, Year 9 recently competed in the Dwellingup mountain bike race with over 1100 competitors with distance categories ranging from 14 to 100 kms. All three riders are part of the CGS Mountain Bike Club

**Court Grammar  
School**

# Join the magic of after school experiences

First session  
**FREE** in  
Term 3!

Dear Families,

At Camp Australia, we provide an engaging and supportive space for children to play, connect, learn and grow. If you haven't joined us for one of our OSHC sessions, now's the time to do it as we're offering all new families **your first session free in Term 3!**

## Why choose Camp Australia?

Our experienced team of educators are dedicated to providing a safe and engaging space for your child to learn through experience. Every experience is tailored to your child and focused on developing their curiosity, imagination and resilience.

Every afternoon we've got a feature activity, along with dedicated zones like the art zone, construction zone and relaxation zone; so, your child can choose the best experience for them!

**When you choose Camp Australia, you're choosing:**

**Convenience:** Camp Australia's extended operating hours have been designed to suit most families' needs.

**Access:** Our industry leading Parent Portal gives you complete control of your bookings and interactions with us. Plus, our Customer Care team are available 7 days a week, from 5am – 9pm, so you can call us when it suits you.

## Registration is free

To register and book, head to [pp.campaustalia.com.au](http://pp.campaustalia.com.au).

To attend our care, families must register their child first. Registering your child means we have all the correct information we need to best care for them. Because of this, we recommend all families to register an account with us - that way if you ever need us, you only need to book the session, as we'll already have all the documentation we need from you.

## Government subsidy is available for eligible families

The **Child Care Subsidy (CCS)** reduces the fees you pay before you are billed. Your eligibility for the subsidy is determined by your family's annual adjusted taxable income, the type of childcare you use, and your activity level.

For families affected by COVID-19, the **Additional Child Care Subsidy (ACCS)** is available to you. Eligible families experiencing temporary hardship can receive an additional reduction on their childcare fees.

**Register free and book now**
